

ED-LEAD | Continued Quality Improvement Survey

We are anonymously requesting feedback from NLTC nurses, CPTI paramedic coaches, and corresponding Program Coordinators implementing the ED-LEAD post-discharge programs. Feedback from this survey will help our team improve and ultimately assist us in providing better support to future waves implementing these programs. Your responses will never be shared directly with your employer (only in aggregate with other responses) and will only be used for quality improvement purposes.

We appreciate in advance your honest feedback.
